

EVANALLEY

Technical Game Designer

evan@alley.biz

Early-career designer with proven design intuition, strong cross-disciplinary communication and problem-solving skills, and a tool-agnostic grasp of technical fundamentals.

Project Experience

3Cs Technical Designer (Godot) / [Hydroplane Team](#) 01/2026 - 02/2026

- Designed and tuned character, camera, and controls to create an accessible, satisfying, and addictive arcade racer using HTML5/Godot.
- Achieved finalist placement from among 646 submissions to Bigmode Game Jam.

Multimedia Designer / [Alleydot Digital Design](#) 06/2025 - Present

- Designed logos and brand guidelines for 10+ independent games clients.
- Developed client-facing websites using HTML/CSS/JS and Github pages.
- Conducted ongoing research into contemporary design, fashion, and gaming trends.

Technical Designer (Unity) / Soup Ladle Studio 09/2024 - 04/2025

- Blended 2D platforming and 3D codebreaking gameplay using Unity/C#.
- Produced market-positioning materials for audience targeting & publisher pitches.

Game Design Lead (UE5) / [Infinite Digital Monkeys LLC](#) 08/2023 - 06/2024

- Collaborated with stakeholders and creatives to achieve market objectives through design strategy, delivering a “Very Positive” rated game with 30,000+ downloads.
- Developed technical specifications for Unreal Engine 5 implementation, supporting 50+ unique “puzzle boxes” and 3 hours of narrative-first gameplay.
- Optimized critical blueprints to maintain stable 60 FPS at targeted spec.
- Generated, categorized, and distributed 500+ user feedback entries.

Technical Designer (Unity) / Theatour Team 08/2022 - 12/2022

- Adapted Unity plugins and Google Maps API for a 3D AR educational mobile game.
- Developed narrative dev tools and systems by applying strict separation of concerns.

Creative Producer (UE4) / Skateboard Ninja Team 01/2022 - 05/2022

- Directed a remote 6-person team through the full development of a 2.5D platformer.
- Implemented structured workflows and asset management systems using Perforce P4V.

Volunteering

GDC Festival Crew 2026, Riftbound Booth @ Dragonsteel Nexus 2025, Halo SLC Major 2024

Education

University of Utah 2024: BS in Games with minors in Computer Science & English
